

National School Breakfast Programme Ingredients, Allergens and Nutritional Information for breakfast products

The National School Breakfast Programme is committed to providing healthy, balanced and safe food.

Due to the increase in awareness and diagnosis of people with allergies, it is essential that schools have all the relevant information on the composition of the food supplied.

Below is a list of the ingredients, allergens and advisory information relating to all National School Breakfast Programme food. We will regularly update this document with any changes - please familiarise yourself with the information provided.

Nutritional information is given in relation to National Food Standards labelling and School Food Standards (SFS). Key information is given for the amount of fat, saturated fat, sugar and salt per 100g, and is colour coded as follows:

Green = low content (in line with SFS)

Orange = medium content (in line with SFS)

Red = high content (not permitted by SFS)

IMPORTANT NOTICE

This document contains the details of cereals you are most likely to receive in school this term. There may be additional cereals supplied at short notice, if we have issues with cereal supply. **Please always check the individual packets for allergens before offering to children with allergies, even if you have checked the brand name previously.**

For more information on allergy guidance, please visit the school food standards web page via the link below:
